CONFERENCE OVERVIEW

This two and a half day Palliative Medicine and Hospice Care Intensive Board Review Course is designed to provide clinically-relevant information and materials to help aid physicians in preparation for the Osteopathic Hospice and Palliative CAQ Exam. Those practitioners involved in Palliative Medicine and Hospice Care interested in CME will also find this course helpful. The Course is designed to address topic areas relevant to the practice of Palliative Medicine and Hospice Care and effective management of day-to-day issues in a practical and concise manner.

OVERALL LEARNING OBJECTIVES

Those participating in this activity will receive information that should allow them to...

- Describe current diagnostic, management, and therapeutic strategies in Palliative Medicine and Hospice Care;
- Formulate treatment plans at the end of life;
- Explore controversies related to the delivery of Palliative Medicine and Hospice Care; and
- Prepare physicians for the Palliative Medicine and Hospice Certification Examination.

TARGET AUDIENCE

Hospice and palliative care physicians preparing for the American Board of Medical Specialties (ABMS) or the American Osteopathic Association (AOA) Bureau of Osteopathic Specialists hospice and palliative medicine certification examinations will benefit from this conference.

Other healthcare professionals seeking a solid review of hospice and palliative medicine competencies, such as medical oncologists, family physicians, advanced practice nurses, physician assistants, anesthesiologists, internists, physiatrists, hospitalists, surgeons, and emergency medicine physicians will also benefit.

CONFERENCE LOCATION

University of North Texas Health Science Center Medical Education Training (MET) Building
