Resident Total

Non-Resident Total

\*\* This tool is intended to provide an estimate of tuition and fees assessed by University of North Texas Health Science Center per semester for the selected term. The totals provided are an estimate only and should not be considered your official guaranteed costs.

These totals do not include any course or special instruction fees, parking, or installment fees. As a student, you may also incur additional charges not listed here. Refer to the website for a [full list of tuition and fees](#).

Tuition and fees are subject to change by the Texas Legislature or the Board of Regents, University of North Texas System.

The Cost of Attendance (COA), also known as a student's budget, is the estimated average amount it will cost a student to attend for a period of enrollment at HSC. Cost of Attendance figures at HSC include required fixed costs such as tuition, fees, books, and supplies and allowances for living expenses such as food and housing, transportation, and some personal expenses. The COA is determined by the most accurate and up to date information at that time, however some figures may vary based on new information throughout the academic year.

The Cost of Attendance (COA), also known as a student's budget, is the estimated average amount it will cost a student to attend for a period of enrollment at HSC. Cost of Attendance figures at HSC include required fixed costs such as tuition, fees, books, and supplies and allowances for living expenses such as food and housing, transportation, and some personal expenses. The COA is determined by the most accurate and up to date information at that time, however some figures may vary based on new information throughout the academic year.

Tuition and fees are subject to change by the Texas Legislature or the Board of Regents, University of North Texas System.

The Cost of Attendance (COA), also known as a student's budget, is the estimated average amount it will cost a student to attend for a period of enrollment at HSC. Cost of Attendance figures at HSC include required fixed costs such as tuition, fees, books, and supplies and allowances for living expenses such as food and housing, transportation, and some personal expenses. The COA is determined by the most accurate and up to date information at that time, however some figures may vary based on new information throughout the academic year.

The Cost of Attendance (COA), also known as a student's budget, is the estimated average amount it will cost a student to attend for a period of enrollment at HSC. Cost of Attendance figures at HSC include required fixed costs such as tuition, fees, books, and supplies and allowances for living expenses such as food and housing, transportation, and some personal expenses. The COA is determined by the most accurate and up to date information at that time, however some figures may vary based on new information throughout the academic year.
